Allowability of claims 36, 37, 42 – 46, 48, 55, 57, 66, 67, 69 and 70:

The allowability of claims 36, 37, 42 – 46, 48, 55, 57, 66, 67, 69 and 70 if rewritten in independent form including all of the limitations of the base claim and any intervening claims was stated in the Office Action dated July 8, 2003, and continued in the Action dated February 26, 2004. The new claims that are added in this Response are designed to incorporate the limitations of the allowable claims as described above. Accordingly, it is believed that all new claims are in condition for allowance and such action is respectfully requested.

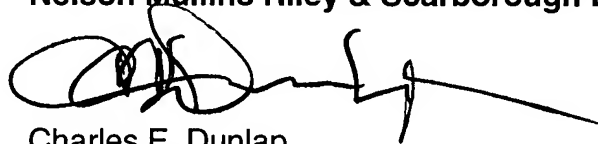

Provisional, non-statutory double patenting rejection of claims 1 – 3, 13 – 20 and 23 over claims 1, 8 and 23 of copending Application No. US20030060371.

It is respectfully requested that the rejection of claims 1 – 3, 13 – 20 and 23 as being unpatentable over claims 1, 8 and 23 of Application US20030060371 be withdrawn as moot due to the cancellation and non-reassertion of the subject matter of claims 1 – 3, 13 – 20 and 23. It is believed that no terminal disclaimer is now necessary.

Request for reconsideration:

It is respectfully requested that the claims be reconsidered in view of the amendments and after consideration of the reasons for allowability that are discussed above and be found to be allowable. If one or more of the claims are found to not be allowable, a telephone call to the undersigned would be appreciated in order to resolve any remaining issues.

Respectfully submitted,
